EXPERIENCE

Graphic Designer (Freelance)

2021 – 2023

Designed logos, brand identities, social media graphics, marketing materials, and promotional assets for businesses and startups.

Delivered visually compelling designs that align with brand goals and communicate messages effectively.

NYSC Developer & Product Marketing Associate

June 2025 – May 2026

Excellium Business Limited, Lagos

Developed business applications using Zoho platforms to streamline internal workflows and improve operational efficiency.

Collaborated with cross-functional teams to gather requirements, design solutions, and deploy applications that met business needs.

Participated in product marketing activities and contributed to content creation, user engagement, and platform growth.

Troubleshoot system issues and optimized user experience for improved productivity.

UI/UX Designer | Product Designer (Freelance)

2026 – Present

Designed user-centered interfaces, wireframes, prototypes, and design systems for web and mobile applications using Figma.

Conducted user research and usability testing to create solutions that improved user satisfaction and engagement.

Collaborated with clients and developers to translate ideas into beautiful, functional digital experiences.

HIGHLIGHTED PROJECTS

- Forge Flow – Manufacturing Operations Dashboard**
Designed a comprehensive dashboard for tracking production, inventory, equipment status, and performance metrics to help managers make data-driven decisions.
- Curio – Learning & Course Marketplace**
Designed a learning platform that connects users with free and premium courses, creating an intuitive browsing, discovery, and course-access experience for digital learners.
- Rove Fintech App UX Design**
Designed onboarding, transfers, savings, and support workflows for a fintech app focused on secure and seamless digital banking.
- Queueless – Smart Queue Management App**
Designed a smart queuing solution that allows users to join and manage queues digitally, track their position in real time, and reduce unnecessary waiting in physical locations.
